

Paul H. Kupfer – Broker Owner

With vast experience in all aspects of real estate transactions over the past 30 years, Paul Kupfer has taken great pride in representing sellers and buyers in residential and commercial real estate transactions throughout the State of Florida. With the clear objective of serving the clients' best interests, Kupfer has represented real estate agents, mortgage brokers and lenders in order to facilitate the closing on thousands of properties representing over \$2 Billion in real estate for local and national homebuilders as well as individual homeowners.

On the real estate development front, Paul H. Kupfer also represents equity investors, investment funds, developers, lenders and owners in a broad range of real estate transactions throughout the United States and abroad. These include joint ventures, financings and the acquisition, development, leasing and disposition of all types of commercial, hospitality, mixed-use, industrial and residential properties. Mr. Kupfer's practice includes advising real estate clients on highly structured matters.

Professional services provided include:

- Acquisition and disposals
- Joint ventures
- Portfolio sales and securitization
- Real estate investment funds
- Real Estate financing
- Sale and leasebacks
- Developments
- Construction projects
- Real estate management
- Tax mitigation solutions

Paul H. Kupfer was admitted to the Florida Bar in 1979. He received a Juris Doctorate degree from South Texas College of Law in 1979, Master of Business Administration degree and Bachelor of Business Administration degree from the University of Miami in 1976 and 1975, respectively. Paul's main areas of practice include commercial and residential real estate transactions; business related matters, including partnerships, limited liability companies and corporations; and wills and trusts.

These extensive experiences in the real estate industry with numerous buyers, sellers, agents, owners and investors, provides **TQRE** with a real estate professional that understands any type of real estate transaction from all perspectives.
